Sir,

Sub: Agriculture - Agricultural Machinery - Oil engine - Sale to Sri G.Veera Reddy, Bellary Collection of arrears in instalments.

Government in G.O.Ms.No.1538, Development, dated 15.4.46 sanctioned the purchase of eight numbers of Hill diesel engines among other pumpsets. These were sold to ryots at tentative prices in the year 1946 itself. Six of the units were sold at Rs.3,500/- each and 2 units were sold at the then prevailing rate of Rs.4,800/- each.

2. The Director General of Disposals, New Delhi intimated in his Transfer Order No.DGD/CPM-2/SR-4611/17 DRS-44631 dated 8/10.10.1949 that the cost of each unit was Rs.5,445/- He was addressed by me to fix the price of the units at Rs.3,500/- ie. at the market rate prevailing at the time of disposal of the units and stating also that the price fixed after a lapse of nearly 3 years was very high and that it would be extremely ifficult to recover the balance amount from the parties at that late stage. He was not agreeable to refix the prices and as such the rate quoted by him had to be accepted.

3. Consequently the final sale price of the unit was fixed at Rs.6,000/- each taking into consideration the incidental charges. The sale price was communicated to the Research Engineer, Coimbatore and he was asked to address the concerned parties and recover the balance amount. He has reported that the matter is under correspondence in respect of seven parties.

4. The other party Sri G. Veera Reddy, Land Lord, Bellary has agreed to pay the balance of Rs.2,560/- in five annual instalments payable every year by the 31st March. He has represented that he is not in a position now to pay the entire amount in one instalment. He has also agreed to pay interest on the arrears at 4% per annum. I recommend the collection of the arrears due from the party in five instalments and request orders on this issue.
